

# Anti-Bullying Policy

At St Augustine's CE High School, it is very important for us that all members of the school community experience being included and cared for so they can experience life in all its fullness. As such it is important that the whole school community has a full understanding of what bullying is and that when it is reported they will be supported through the steps taken to deal with it. All aspects of student behaviour and conduct should support each individual to achieve their best and fulfil their potential, academically, socially and spiritually. Through this, we can create a community which enables all to be safe and grow in kindness and respect

The students and staff of St Augustine's CE High School, are committed to providing a safe and non-threatening atmosphere for each and every one of our pupils. We have a "zero-tolerance" policy against bullying. Bullying of any sort is completely unacceptable in our school community. This policy will help all of us to recognise bullying and to prevent it. If bullying does occur, students should be aware that all incidents will be addressed quickly, thoroughly and effectively. We also expect that this policy will encourage the victims, the bullies and other witnesses to come forward and talk about their issues to a member of staff or someone they trust. Our aim at St Augustine's is to stop bullying forever.

We have carefully considered and analysed the impact of this policy on equality and the possible implications for pupils and staff with protected characteristics, as part of our commitment to meet the Public Sector Equality Duty (PSED) requirement to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations.

## **Objectives of the Policy**

All students, parents, teaching and non-teaching staff and the school management should have a full understanding of what constitutes bullying.

All students, parents, teaching and non-teaching staff and the school management should know what the school policy is on bullying, and follow it when bullying is reported.

In St Augustine's we take bullying seriously. Pupils and parents should be assured that they will be supported when bullying is reported

Everyone should be familiar with this policy and should know what steps to take when an incident occurs

## **What is Bullying?**

Bullying is a form of antisocial behaviour that the school considers inappropriate and unacceptable in all its forms.

Bullying is behaviour by an individual or group, repeated over time, that hurts another individual or group either physically or emotionally.

It can take many forms, including:

- Cyber bullying via text messages or the internet
- Prejudice based bullying against particular groups e.g., on grounds of disability, gender identity (including transphobia), race, religion, sex, sexual orientation and special educational need.
- Bullying can be motivated by actual differences or perceived differences. Bullying can be:
  - Physical e.g., punching, kicking, hitting, spitting at another person
  - Verbal e.g., name calling and/or offensive, discriminatory verbal abuse
  - Emotional e.g., humiliating, ridicule, tormenting
  - Exclusion e.g., deliberately excluding a person or encouraging another person to exclude a person from discussions/activities
  - Damage to property or theft e.g., deliberately damaging someone's or taking personal belongings. Physical or verbal threats might be used to force the person to hand over their property
  - Face to face or remote e.g., via the internet or text
  - By someone known to the recipient or an unknown protagonist e.g. an anonymous email
  - Cyber-bullying e.g., communications that intimidate, control, manipulate, put down, falsely discredit, or humiliate.

## Guidelines for Staff

Internal procedures:

All bullying incidents should be reported immediately to a member of the student's year team

If you witness bullying it is your responsibility to report the incident

All bullying incidents should be recorded by the school

In extreme cases both parents of the bully and the victim should be informed and brought in for a discussion about the problem

The bullying behaviour should be investigated quickly and fully, with both victim and the bully informed that the behaviour must stop immediately

Often times bullies will be offered counselling

Non-teaching staff such as site staff, are to be encouraged to report any incident of bullying behaviour they witness

Restorative justice maybe used as a way of moving forward.

Staff should be mindful to:

Being alert to signs of bullying, including a change of pattern in behaviour (including friendship groups), attendance, punctuality, achievement, contributions in lessons and around the school

Being available for children to talk through issues with outside lesson time

Being mindful of seating plans, and groupings in lessons and activities that might lead to bullying

Being proactive on all duties, and noticing any children who seem isolated or withdrawn Passing on concerns or issues immediately to the relevant pastoral leader

Use the Behaviour policy consistently at all times.

The Outcome:

The victim will be offered support, a clear route to be heard and opportunities to have their voices heard.

The bully/ies will be expected to change as well as receive appropriate sanctions and support.

In serious cases, exclusion may be seen as a sanction

The bullying incident will be recorded and for a while staff will monitor the student involved to ensure that bullying will not take place again

Counselling may be offered to both victim and the bully

Support from mentors or pastoral staff

Support from School Based Police Officer.

## Parental Involvement

The parents of bullies and their victims will be informed of an incident and the action that has taken place and asked to support strategies proposed to tackle the problem.

Parents should be reminded on regular basis through letters and newsletters to inform their children that they must tell someone should they ever be bullied. Keeping information from the school, or from their parents, will never help a problem to be solved, and will prolong the period a victim has to suffer. Whilst there is little history of bullying at St Augustine's CE High, we believe that one is one too many. We believe it is essential to constantly review this policy to ensure we are in a position to strengthen our approach to this issue.

## Prevention

- Prevention of bullying will include:
- Implementing this policy
- Writing a set of school rules

FAITH

GROWTH

- Having assemblies and PSME about bullying
- Putting posters up and giving out booklets
- Possible use of a bullying contract
- Making posters to inform others about bullying
- Using student voice

## Conclusion

An anti-bullying policy alone will not stop bullying. Bullying is an aspect of life that we strongly believe can only be reduced through an understanding of why it happens. Our policy is directed at improving this understanding. The school will review this policy every academic year. At St Augustine's CE High School, we want our school free from bullying and will work together to beat bullying forever.

Statutory framework and other guidance

This policy complies with all advice and legislation contained within:

- DfE Guidance 'Preventing and Tackling Bullying' March 2014
- DfE Guidance 'Behaviour and Discipline in Schools' July 2013
- DfE Guidance 'Safe to learn; embedding anti-bullying work in Schools'

There are a number of statutory obligations on schools with regard to behaviour which establish clear responsibilities to respond to bullying. In particular section 89 of the Education and Inspections Act 2006:

Provides that every school must have measures to encourage good behaviour and prevent all forms of bullying amongst students. These measures should be part of the school's behaviour policy which must be communicated to all students, school staff and parents.

Gives head teachers the ability to discipline students for poor behaviour that occurs even when the student is not on school premises or under the lawful control of school staff.

Other relevant legal frameworks that this Policy adheres to:

- Education and Inspections Act 2006
- Equality Act 2010
- Children Act 1989
- Education Act 2011
- School Standards and Framework Act 1998
- Independent School Standard Regulations 2010

Although bullying in itself is not a specific criminal offence in the UK, it is important to bear in mind that some types of harassing or threatening behaviour – or communications – could be a criminal offence, for example under the Protection from Harassment Act 1997, the Malicious Communications Act 1988, the Communications Act 2003, and the Public Order Act 1986.
